COLOR SCHEME USED : COMPLEMENTARY

#BC0944

Based on my research, maroon color is often used to represent intense and passionate things like; confidence, creative thoughts, excitement, power, risk, passion, love, ambition, courage, strength, warmth, and beauty. So, i hope that IIUM student will be passionate throughout this event for this semester

This green color is one of the main color of IIUM. So, i want to maintain the image of IIUM within this poster
